### Sanctum (Asylum Book 2) By Madeleine Roux

In the chilling second book in the *New York Times* bestselling *Asylum* series, three teens must return to the asylum that still haunts their dreams to end the nightmare once and for all. With the page-turning suspense and horror that made *Asylum* such a standout, and featuring found photographs from real vintage carnivals, *Sanctum* is a mind-bending reading experience that's perfect for fans of the smash hit *Miss Peregrine's Home for Peculiar Children*.

Dan, Abby, and Jordan remain traumatized by the summer they shared in the Brookline asylum. Much as they'd love to move on, many questions remain, and someone is determined to keep the terror alive, sending the teens photos of an old-timey carnival, with no note and no name. Forsaking their plan never to go back, the teens return to New Hampshire College under the guise of a weekend for prospective students, and there they realize that the carnival from the photos is not only real, it's here on campus, apparently for the first time in many years.

Sneaking away from sample classes and college parties, Dan and his friends lead a tour of their own—one through the abandoned houses and hidden places of a surrounding town. Camford is hiding a terrible past, and the truth behind Dan's connection to the asylum's evil warden is more terrifying than Dan ever imagined.

From the Back Cover

The past is back to haunt them.

Dan, Abby, and Jordan remain traumatized by the summer they shared in the Brookline asylum. Much as they'd love to move on, someone is determined to keep the terror alive, sending the teens photos of an old-timey carnival, with no note and no name. Finally, Dan receives a list of coordinates pointing to abandoned houses in the town near Brookline, and he is convinced that the only way to end this nightmare once and for all is to return to New Hampshire College and follow the trail.

But when Dan and his friends arrive under the guise of a prospective students' weekend, they discover that the carnival from their photos isn't just real, it's here on campus—it has returned for the first time in many years. And as they sneak away from their undergrad hosts to visit the houses on their list, they find secrets far darker than anything they'd imagined.

In this thrilling and creepy sequel to the *New York Times* bestselling *Asylum*, found photographs from real vintage carnivals help tell the story of three teens who exist on the line between past and present, genius and insanity.
