Editorial Review

Review

10 Steps to Successful Project Management should be required reading for every manager. The steps in this book can be applied immediately. Nothing is more needed than a tremendous book on project management. -
-Marla Holman, Training Director, Western States Envelope & Label

As the old saying goes, the only real constant in today's world is change. I am constantly evaluating priorities, relevance, and balancing projects and initiatives in my personal life, spiritual life, and business life. Lou's new book offers an insightful roadmap to help you determine both the salient positive signs of project success and how to avoid the potential land mines found in any project. --Mark A. Titus, President, Eastern Division, Time Warner Telecom

Filled with pointers, tools, checklists, worksheets, and including a practical work process model, *10 Steps to Successful Project Management* is a guide for anyone charged with managing a project. Lou shares her many years of experience with both wit and a dose of hard-nosed reality. Her wit includes a fanciful retelling of the three little pigs fairy tale from the perspective of a project manager. As for the reality check, she is just as straight forward about avoiding the many "lurking landmines" resident in any project as she is about the unfortunate results if you skip a step in her process. This is a book that deserves a special place on your bookshelf. --Elaine Biech, Author, *Training for Dummies* and *The Business of Consulting* and President of ebb associates inc.

Arlie Carrillo:

Beside this 10 Steps to Successful Project Management in your phone, it could give you a way to get closer to the new knowledge or data. The information and the knowledge you may got here is fresh from your oven so don't possibly be worry if you feel like an older people live in narrow community. It is good thing to have 10 Steps to Successful Project Management because this book offers for your requirements readable information. Do you oftentimes have book but you rarely get what it's about. Oh come on, that will not end up to happen if you have this within your hand. The Enjoyable arrangement here cannot be questionable, like treasuring beautiful island. Techniques you still want to miss it? Find this book and read it from at this point!

Jerry Orosco:

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that studying is not important, boring and also can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this 10 Steps to Successful Project Management can make you truly feel more interested to read.
