Review

James Brabazon is an independent writer/producer. This second edition of his acclaimed biography includes previously uncovered material. A major addition makes use of the letters sent between Schweitzer and Helene Bresslau, written during the 10 years before their marriage. They throw new light on Schweitzer's personality and his decision to go to Africa. A second major addition makes use of recently revealed documents from the State Department regarding Schweitzer's struggle to stop H-bomb tests, a battle fought with the United States Atomic Energy Commission. (*Theology Digest*)

Brabazon, an independent writer and film producer, updates his biography of the humanitarian and physician Albert Schweitzer with new and profoundly revealing letters between him and Helene Bresslau, whom he married after a ten-year correspondence. The letters reveal an intensely secret and unusual relationship, as well as facets of Schweitzer's personality and thinking that he took great trouble to hide from the world. New documents from the State Department regarding his battle with the US Atomic Energy Commission to stop H-bomb tests are also discussed. (*Reference and Research Book News*)
