### **Zits: Sketchbook 1** By Jerry Scott, Jim Borgman

??Fitting in. Being different. Growing up. Staying a kid.Â *Zits* is a comic strip about the funniest, most painfully emotionally charged, physically demanding, mentally challenging, and colorful times of our livesâ€”adolescence. Those who are living it can relate. And those who have been through it cannot remember the time without smiling, or at least wincing at the arrogance and ignorance we all mistook as maturity during those few eternal years.

*Zits: Sketchbook #1* is an inside look at life from the point of view of Jeremy, a private 15-year-old who is desperately hacking his way out of childhood and into maturity. He labors in the shadow of Chad, his perfect older brother who is away at college. Jeremy is a freshman in high school whose main pastimes are hanging out with his best friend, Hector Garcia, forming a garage band, and being amazed at his parents' spectacular ignorance about almost everything. Impatient, self-absorbed, emotional, and bored silly, Jeremy is the essence of adolescence. *Zits* resonates with its fans because the strip contains so much truth and insight, wrapped in an uproarious context that's all too familiar to everyone who's been 15 or has parented a teenager.
