From the Author

Humanity stands at a crucial time in its evolutionary development. Having exceeded the carrying capacity of the Earth, our continued existence calls for and is dependent upon a radical transformation in consciousness. The answers to many of our problems lie in moving into a deeper heart space and by doing so we heal the separations and conflicts between us. We also open ourselves to the possibility of very deep healing and assistance from loving Higher Intelligences, who come now to guide humanity out of crisis and forth into the light.

Beyond this physical plane, lie realms of pure love and light, where higher dimensional beings from other star systems exist. These benevolent loving intelligences have transcended all sufferings, including death, and are thus Immortals.

This book shares some of my experiences with them and how we can move into a higher consciousness through healing and detoxification, with deep implications for the transformation and healing of humanity. This writing is an offering to humanity, so that more of us may realize the spiritual truths, recognise the vital importance of healing our fears and turn toward the Light before it does become too late for us.

From the Back Cover

Wise and loving intelligences from other dimensions of reality come to awaken humanity to a new consciousness based on love, spiritual understanding, peace and global harmony.

They invite us to move beyond our fears and our conventional belief systems. If we have the courage to do so, we are rewarded with deep and lasting healing, freedom from suffering and glimpses into previously unseen dimensions of existence that promise immortality and the transcendence of the human condition.

Free Spirit shares his account of contact with Immortal Star Beings and gives some insights into the profound and unconditional love that these beings offer to humanity now in this time of global uncertainty and environmental degradation.

He also explains how through healing our fears, detoxifying our bodies and resolving our past mistakes we can begin preparation for ascension out of the human condition into higher cosmic realms of pure love and light.

Free Spirit's messages for humanity invite us to look within -and to the stars, to open our hearts to the healing power of love and to lay down the foundations for the emergence of a wise, compassionate and loving humanity.
