Avian Conservation: Research And Management From Brand: Island Press

Avian Conservation presents the findings and insights of leading avian conservationists from around the world including Frances C. James, Ian Newton, Richard L. Hutto, John T. Rotenberry, P. Dee Boerstna, David F. DeSante, Robert C. Fleischer, and many others. Contributors review current research and identify information gaps that need to be filled if conservation measures are to be effectively carried out. They highlight the peril many species are experiencing, showcase important projects, and present the advice of practicing managers. The book features a blend of methodological, empirical, and applied chapters that introduce new ideas and strategies to working managers, and suggest how to most effectively implement research results.
