Editorial Review

Review

"I cannot wait for another. Let me start by saying that I am a pretty avid fan of coloring. But, this book has been so much fun, I more than likely will color every single page. The paper is good quality, and each picture is very unique. It's a nice blend of scenes, mandalas, and animals. The details are amazing without being overwhelming. I've used pencils, sharpies and gel pens on the pages. The pages are not scored, but remove easily. This book is worth every single penny, and I'll be first in line to buy another of Aemiliana's books." Marianne Pysh ★★★★★

This book has beautiful hand drawn illustrations. There are some that are very intricate and will require lots of time. There are also easier ones that go fairly quickly. I have used color pencils and gel pens and the paper does well with both. Haven't attempted any kind of marker yet. The pages are one sided so if I do choose to use alcohol markers they won't ruin another drawing. Lots of variety and skill level. I would highly recommend this book." KT ★★★★★

"Just received my copy of this coloring book, I was really amazed by the quality of a print and with the level of details in the illustrations, you've got variety of illustrations, flower designs, mandala patterns, animals, and birds, from simple to intricate details, so everyone can find the picture to color and to bring to life this beautiful and original creations. All illustrations look beautiful and original, attaching here some pics. It really puts you in the relaxation mood, and positive vibe, having fun creating my own art with this amazing designs. Definitely recommend to everyone that loves original illustrations." Amazon Customer ★★★★★

"I really love this book, illustrations are detailed and beautiful. I enjoy coloring myself and with my kids, they really loved it, especially the animals and birds, they are pretty. I think you've got here all kind of designs from simple to intricate details, so anyone can definitely find the pages to color. I have noticed that illustrations are also very high-quality, some of them might take a time to finish but others are simple and could finish them in an hour or two. I am very satisfied with the quality of the designs, print and overall I recommend it to everyone who loves the coloring and enjoys it." Akaki Khukhashvili ★★★★★
