Manifest Your Millions!: A Lottery Winner Shares his Law of Attraction Secrets By Eddie Coronado

This powerful book was written by a lottery winner who explains how anyone can make the Law of Attraction work. The Law of Attraction is not a fly-by-night fad, but an immense spiritual power that can be used by any person who is willing to understand its characteristics and how it responds to human intention. There are no limits to what you can manifest with the Law of Attraction, but the question is: Are you willing to do the spiritual work necessary to manifest the life of your dreams? If so, this book will provide all the information you need to manifest your desires. Through the Law of Attraction you can manifest financial abundance, wonderful opportunities, a better job, a new home, a fulfilling romance, a new car, a lottery prize, or anything else that you can make a part of your beliefs and feelings. The author of this book has successfully used the Law of Attraction to manifest lots of money, and so can you!

WHAT MAKES THIS BOOK SO UNIQUE?

This book contains a number of unique spiritual insights and perspectives that are proven to work. After explaining what the Law of Attraction is and how it responds to intention, I discuss the power of spoken affirmations and how to use them effectively. Next is a section on Creative Visualization that contains two parts. Part one discusses the history of creative visualization and the quantum effects it has on the world around us. Part two deals with the four essential elements of creative visualization and explains how this manifestation tool can be used effectively. The following chapter on Gratitude and Receiving provides powerful techniques to help you attract whatever you set your intention on. One chapter that I am particularly fond of is called Living in Balance, which is one of the most important chapters in this book. The metaphysical ideas discussed in this chapter are so profound that this information must be understood and implemented in order to make the Law of Attraction work. No amount of spoken affirmations and creative visualization will work unless you understand the spiritual importance of Living in Balance. I have also included a Question and Answer section that addresses the most important questions that people have asked me about the Law of Attraction. Finally, this book concludes with a chapter detailing my Prosperity Action Plan, which is the action plan I used to manifest financial opportunities, lottery prizes and other wonderful things.

Are you ready to learn proven manifestation techniques? If so, you should read this book so you can begin manifesting the life of your dreams today.
