**Midnight in Europe: A Novel** By Alan Furst

**NEW YORK TIMES BESTSELLER**

Paris, 1938. As the shadow of war darkens Europe, democratic forces on the Continent struggle against fascism and communism, while in Spain the war has already begun. Alan Furst, whom Vince Flynn has called “the most talented espionage novelist of our generation,” now gives us a taut, suspenseful, romantic, and richly rendered novel of spies and secret operatives in Paris and New York, in Warsaw and Odessa, on the eve of World War II.

Cristián Ferrar, a brilliant and handsome Spanish émigré, is a lawyer in the Paris office of a prestigious international law firm. Ferrar is approached by the embassy of the Spanish Republic and asked to help a clandestine agency trying desperately to supply weapons to the Republic’s beleaguered army—an effort that puts his life at risk in the battle against fascism.

Joining Ferrar in this mission is a group of unlikely men and women: idealists and gangsters, arms traders and aristocrats and spies. From shady Paris nightclubs to white-shoe New York law firms, from brothels in Istanbul to the dockyards of Poland, Ferrar and his allies battle the secret agents of Hitler and Franco. And what allies they are: there’s Max de Lyon, a former arms merchant now hunted by the Gestapo; the Marquesa Maria Cristina, a beautiful aristocrat with a taste for danger; and the Macedonian Stavros, who grew up “fighting Bulgarian bandits. After that, being a gangster was easy.” Then there is Eileen Moore, the American woman Ferrar could never forget.

In *Midnight in Europe*, Alan Furst paints a spellbinding portrait of a continent marching into a nightmare—and the heroes and heroines who fought back against the darkness.

**\*Starred Review\*** In 1937, the lights were going out in Europe, but jackbooted blackness had not quite swept the Continent. Through multiple novels, Furst has illuminated moments of reluctant courage and desperate love in a world teetering on the edge of destruction. He does so again here, and, as always, he does it exquisitely. We've met Furst's unwilling heroes before, typically in Paris, as they bask in the City of Light while turning away from the chaos in their homeland, whether Poland, Italy, or Germany. This time it's Spain, where a doomed war is already raging. Spanish émigré Christián Ferrar is a successful lawyer at an international firm, juggling his time between Paris and New York and happy to be far from the troubles in Spain. Yet, when he is approached to aid those supplying the Republican troops with arms, he is surprised to find himself complying. And so begins another tale of clandestine operations in which civilians step up, not out of idealism but out of the realization that history affords them no other choice. Furst is a master of mood, but, above all, he is able to show how the most personal of emotions—love, especially—drives the actions of men and women caught in a time of peril. --Bill Ott

“Furst writes profoundly realistic books. The brilliant historical flourishes seem to create—or re-create—a world . . . a heartbreaking sense of the vast Homeric epic that was World War II and the smallness of almost every life that was caught up in it.”—*The New York Times Book Review*

“Though set in a specific place and time, Furst's books are like Chopin's nocturnes: timeless, transcendent, universal. One does not so much read them as fall under their spell.”—*Los Angeles Times*

“Alan Furst's novels swing a beam into the shadows at the edges of the great events leading to World War II. Readers come knowing he'll deliver effortless narrative.”—*USA Today*

“Mesmerizing . . . Mr. Furst is a master at conjuring European scenes and moods during World War II and the fraught years that preceded it.”—*The Wall Street Journal*
