Antic Hay By Aldous Huxley

London life just after World War I, devoid of values and moving headlong into chaos at breakneck speed - Aldous Huxley's *Antic Hay*, like Hemingway's *The Sun Also Rises*, portrays a world of lost souls madly pursuing both pleasure and meaning. Fake artists, third-rate poets, pompous critics, pseudo-scientists, con-men, bewildered romantics, cock-eyed futurists - all inhabit this world spinning out of control, as wildly comic as it is disturbingly accurate. In a style that ranges from the lyrical to the absurd, and with characters whose identities shift and change as often as their names and appearances, Huxley has here invented a novel that bristles with life and energy, what the *New York Times* called "a delirium of sense enjoyment!"

Editorial Review

From Library Journal

Although *Blackstone* is to be commended for rediscovering many older literary classics, these two early Huxley novels might better have been left to rest in peace. *Crome Yellow* (1921) depicts an aristocratic cast of eccentrics in a British country house who do nothing but talk...and talk.... *Antic Hay* (1923) shifts to a similar group of Bohemians in London who spend hours in elegant restaurants discussing art and philosophy. With so much conversation and so little action, reading these books aloud is unquestionably the best way to dramatize Huxley's brilliant dialog. Robert Whitfield does it full justice and proves that he is now one of the best narrators in the business. Recommended only for Huxley fans. AJo Carr, Sarasota, FL

Review

"There are passages in *Antic Hay* of a pure and rhythmic beauty: passages so fine, so just, that they move one like good music." --*Saturday Review*

"There are passages in *Antic Hay* of a pure and rhythmic beauty: passages so fine, so just, that they move one like good music." --*Saturday Review*

"*Antic Hay* has the literary delights of the intelligence questionnaire, characters who don't talk in conversations but in charades, with satire japing sophistication as well as the more obvious targets, engaging naughtiness narrated for its own sake, rising and falling in broad comedy and in episodes deliciously strange and tender." --*New Republic*

From the Inside Flap

"Futilitarian" best describes the type of desultory, pleasure-seeking intellectual Huxley pinned so mercilessly to the literary map in **Antic Hay**. Wickedly funny and deliciously barbed, the novel epitomizes the glittering neuroticism of post-First World War London.

Users Review

From reader reviews:

Yasmin Parker:

What do you in relation to book? It is not important along? Or just adding material when you really need something to explain what you problem? How about your extra time? Or are you busy person? If you don't have spare time to do others business, it is make one feel bored faster. And you have free time? What did you do? All people has many questions above. They must answer that question because just their can do in which. It said that about reserve. Book is familiar in each person. Yes, it is right. Because start from on pre-school until university need this kind of *Antic Hay* to read.
