The Moonstone (Enchantment) (Volume 1) By Evelyne Contant

Fear, love... and betrayal; that's what I feel about my new life. It's a life I never asked for, at least not like that. I certainly dreamed of adventure, of escaping from my ordinary life, but nothing prepared me for what would happen when my normal life flipped upside down. On that fateful day, a witch, a real one, revealed to me that I'm not human! That's right, I, Lou Mills, am an enchanter like her! It seems that I'm the key to an ancient prophecy and that I must save the world from the imminent war between humans and enchanters. What waits makes no sense; in fact, nothing seems to make sense to me since meeting her. And then there's this man...dark and mysterious...but so attractive. If only I could forget him. Duality is the way the Earth remains in balance, black and white, right and wrong, love and hate. What side should I fight for when the war finally breaks out? How to choose between my family...and the people who I belong to?
