## 1,000 Conversation Questions: Designed for Use in the ESL or EFL Classroom By Larry W Pitts

The best book available of topic based conversation questions for students learning English.

The title says it all, this book has more than 1,000 questions divided into topics. It covers most topics found in ESL books, so it **works great as a supplement** to what you are already teaching. It's also **perfect for warm-ups or filler activities**.

Perfect for *intermediate and advanced ESL / EFL students* and some questions will also work with high level beginners.

**NOTE:** This is the first edition, it has the same content as the 2nd edition but has a different cover and is slightly smaller with slightly smaller text.

Looking for grammar based conversation questions? You might enjoy my other book *500 Grammar Based Conversation Questions*.

### Editorial Review

From the Author

As a fellow teacher, I'm sure that you will find this book as useful in your classes as I have in mine. Many of these questions were created for my classes and only later taken off the computer and put in this book.

From the Back Cover

This book is packed with more than **1,000 conversation questions** spanning **100 topics** and is targeted towards intermediate or advanced ESL or EFL students.

These questions are great to:

- spark interest in a topic
- practice fluency
- elicit vocabulary
- find common errors

This book is designed with one goal in mind, to provide you with **a wealth of easy to use conversation questions**. It has a simple design which makes it easy to photocopy or scan. You won't find any branding, cartoons, or excessive decoration on the pages.

It also contains a small section on how to best implement conversation questions in your class, in which I share what I have learned through trial and error and hundreds of classroom hours.

**This is a book by a teacher for teachers.** As an English language teacher I have found that using conversation questions in the classroom is one of the best ways to get students talking. I believe that students should be given as much opportunity as possible to produce English and so I use these questions in my own classroom to foster lively discussions.

I found conversation questions to be so successful in the classroom that I decided to create a resource for my fellow teachers. I sincerely hope you enjoy this book and I believe that it will provide you with lots of value in the years to come.
