# Async in C# 5.0: Unleash the Power of Async

By Alex Davies

Async in C# 5.0: Unleash the Power of Async By Alex Davies

If you're writing one of several applications that call for asynchronous programming, this concise hands-on guide shows you how the async feature in C# 5.0 can make the process much simpler. Along with a clear introduction to asynchronous programming, you get an in-depth look at how the async feature works and why you might want to use it in your application.

Written for experienced C# programmers—yet approachable for beginners—this book is packed with code examples that you can extend for your own projects.

- Write your own asynchronous code, and learn how async saves you from this messy chore
- Discover new performance possibilities in ASP.NET web server code
- Explore how async and WinRT work together in Windows 8 applications
- Learn the importance of the await keyword in async methods
- Understand which .NET thread is running your code—and at what points in the program
- Use the Task-based Asynchronous Pattern (TAP) to write asynchronous APIs in .NET
- Take advantage of parallel computing in modern machines
- Measure async code performance by comparing it with alternatives

Editorial Review

About the Author

Alex is a coder, blogger and concurrency enthusiast from England. He currently works as a developer and product owner at Red Gate, working on tools for .NET developers. Before that, he did a degree in computer science at Cambridge University, and still has theoretical CS in his blood. In his spare time he writes an open source Actors framework for .NET, to let people write parallel programs more easily.

Users Review

From reader reviews:

Emmaline Jett:

Do you have favorite book? For those who have, what is your favorite's book? Reserve is very important thing for us to understand everything in the world. Each e-book has different aim or even goal; it means that guide has different type. Some people sense enjoy to spend their a chance to read a book. They are really reading whatever they consider because their hobby is reading a book. Consider the person who don't like looking at a book? Sometime, man feel need book once they found difficult problem or even exercise. Well, probably you should have this Async in C# 5.0: Unleash the Power of Async.

Rana Jensen:

Information is provisions for anyone to get better life, information presently can get by anyone from everywhere. The information can be a know-how or any news even restricted. What people must be consider when those information which is from the former life are difficult to be find than now is taking seriously which one is suitable to believe or which one the resource are convinced. If you find the unstable resource then you get it as your main information it will have huge disadvantage for you. All of those possibilities will not happen with you if you take Async in C# 5.0: Unleash the Power of Async as your daily resource information.

Beverly Turner:

This book untitled Async in C# 5.0: Unleash the Power of Async to be one of several books which best seller in this year, that's because when you read this reserve you can get a lot of benefit on it. You will easily to buy this particular book in the book retail store or you can order it by means of online. The publisher of the book sells the e-book too. It makes you quicker to read this book, because you can read this book in your Touch screen phone. So there is no reason for you to past this book from your list.

Dianna Weaver:

In this age globalization it is important to someone to find information. The information will make professionals understand the condition of the world. The fitness of the world makes the information easier to share. You can find a lot of personal references to get information example: internet, newspapers, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The actual book that recommended for you is Async in C# 5.0: Unleash the Power of Async this guide consist a lot of the information in the condition of this world now. That book was represented how can the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. Often the writer made some study when he makes this book. This is why this book ideal all of you.
