Night School By Caroline B. Cooney

In the night class, attendance can be fatal

In a California high school, a signup sheet mysteriously appears on the bulletin board: NIGHT CLASS. No course description, no details, no clues. Four kids, each with their own individual problems and desires, write their names on the sheet. Andrew, the handsome, seemingly perfect jock, signs up first, hoping that the mysterious course will finally propel him into the life of fame he craves. Mariah's intense crush on Andrew inspires her to follow suit, for a chance that her romantic fantasy will come true. Autumn, beautiful and popular but deeply dissatisfied, adds her name to the class list in an effort to escape the claustrophobic clutches of the cool clique at school. Ned, brainy, awkward, and insecure, signs up with a desperate dream of becoming popular. These students will discover whether the night class is a place where dreams come true—or where nightmares are made real.

Gr. 7[^]-10. Cooney's story is several moral cuts above standard YA horror fare. Enrolling in a mysterious night school course, four California teens encounter an evil instructor--and their own worst character defects. As they torment a teacher and a fellow student, the four learn to accept the outcomes of moral choices that determine whether their spheres of influence in others' lives will be good or evil. They learn to accept individual responsibility for their actions instead of blaming the morality of their peer group, to pay more attention to other people in their lives, and to care beyond themselves. They also learn that inner selves are more important than surface appearances. Young adults will recognize themselves, or people they know, in these characters. Engrossing and well written, with references to contemporary adolescent culture, the novel will both entertain and enlighten YA readers. *Merri Monks*
