PRE-ORDERS: Unfortunately, there was a mixup on upload (notes file instead of the book) and while it was caught early (within an hour of release) it is taking a while to get this fixed. Amazon has assured me that new purchases are getting the correct version and everyone who received a corrupt version of the book will indeed get a message on their Kindle (device or app) as well as an e-mail when the correct copy is available to re-download. Until then, you may also e-mail me for the correct version. Send proof of purchase (screenshot) and put the book name in the subject line. I will send you a good copy of the book.

Book 4 of The Ancients Series

Jessica St. Marks De' Lune has it all. She is the famed white wolf of legends. Her mate was destined to be King, and they're having a baby. Happily ever after is only a heartbeat away for them!

Unfortunately, female wolves are disappearing. Hunters of old, who were made to kill the dark ones, are now hunting their kind. The dark ones have surfaced, and to top that off, a very unique and unheard of prison break make happily ever after seem like it's never going to happen.

It's going to take a miracle, maybe several, to bring Jess's people together, keep them safe, and bind them to a common cause. If it works, they may all just find a little bit of happy. If it doesn't, she's damned them all to hell.
