#### **About the Author**

Ariel Guttman has been involved with the study of astrology since 1974. In 1980 she founded an astrological consulting firm, Astro Originals, through which astrological seminars, personal and business consulting, astrological teaching and lecturing are conducted. For several years she has been involved with asteroid research, and by including those asteroids in her astrological work, has found a growing interest in this, "the feminine" aspects of astrology. She has lectured for numerous astrological organizations and conferences both in the United States and in Europe. Kenneth Johnson holds a degree in Religious Studies from California State University Fullerton. His emphasis was in the study of mythology and this interest is reflected in his writing and his astrological practice. Kenneth discovered astrology while traveling in Europe during the summer of 1973. He studied in Amsterdam and London before returning to the United States and developing a practice which focuses on archetypal themes and personal mythologies. In addition to his astrological interests, Kenneth is also a musical theater librettist and a member of the Dramatists Guild. ~
