Editorial Review

Review

'The Literature Review is a clearly written and easily accessible self-guided introduction packed with detailed examples. It's especially useful for budding researchers unfamiliar with crafting literature reviews that support strong theory development and empirical testing. I recommend it to every first-year doctoral student' -

Michael R. Hyman

Distinguished Achievement Professor, New Mexico State University

About the Author

Diana Ridley is a Senior Lecturer at the TESOL Centre, Sheffield Hallam University, UK where she supervises research students in the fields of English language teaching and academic literacies.

Users Review

From reader reviews:

Carolyn Bailey:

Information is provisions for individuals to get better life, information these days can get by anyone with everywhere. The information can be a knowledge or any news even restricted. What people must be consider any time those information which is from the former life are challenging be find than now's taking seriously which one is suitable to believe or which one the particular resource are convinced. If you find the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All of those possibilities will not happen with you if you take The Literature Review: A Step-by-Step Guide for Students (SAGE Study Skills Series) as your daily resource information.

George Privette:
