City of Ashes (The Mortal Instruments) By Cassandra Clare

Is love worth betraying everything? Plunge into the second adventure in the internationally bestselling Mortal Instruments series and “prepare to be hooked” (*Entertainment Weekly*).

Clary Fray just wishes that her life would go back to normal. But what's normal when you're a demon-slaying Shadowhunter, your mother is in a magically induced coma, and you can suddenly see Downworlders like werewolves, vampires, and faeries? If Clary left the world of the Shadowhunters behind, it would mean more time with her best friend, Simon, who's becoming more than a friend. But the Shadowhunting world isn't ready to let her go—especially her handsome, infuriating, newfound brother, Jace. And Clary's only chance to help her mother is to track down rogue Shadowhunter Valentine, who is probably insane, certainly evil—and also her father.

To complicate matters, someone in New York City is murdering Downworlder children. Is Valentine behind the killings—and if he is, what is he trying to do? When the second of the Mortal Instruments, the Soul-Sword, is stolen, the terrifying Inquisitor arrives to investigate and zooms right in on Jace. How can Clary stop Valentine if Jace is willing to betray everything he believes in to help their father?

In this breathtaking sequel to *City of Bones*, Cassandra Clare lures her readers back into the dark grip of New York City's Downworld, where love is never safe and power becomes the deadliest temptation.

Editorial Review

From School Library Journal

Grade 9 Up—In this sequel to *City of Bones* (S & S, 2007), the nonstop action continues. The Shadowhunters are battling a world of demons that few people can see. Guided by the laws of the Clave, these hunters balance fighting with the other more mundane aspects of life—love, betrayal, and confusion. Jace, the fiercest teenage Shadowhunter, seems determined to make everyone around him angry, and is looked upon with suspicion because his father, Valentine, is out to rule the world. Meanwhile, love triangles abound, vampires are reborn, and general teenage angst blossoms among a group of friends and siblings. Set in an alternative present-day Manhattan, the story comes complete with Britney Spears references and even, ironically, refers to the scientific *CSI*. Well written in both style and language, it compares favorably to others in this genre. The human characters are well developed and quite believable. The whole book is like watching a particularly good vampire/werewolf movie, and it leaves readers waiting for the next in the series. Watch this one fly off the shelves.—*Jennifer-Lynn Draper, Children's Literature Consultant, Oshawa, Ontario, Canada*
