Her Keepers (Peacekeepers Book 1) By Hazel Gower

On an American holiday with her best friend, Karen never dreamed she would meet not one, but two hunky men, who are convinced they are polar bears and she's their mate. Brad and Duncan are two-hundred-year-old polar bear shifters. They are Peacekeepers, created by the gods to keep the peace between paranormal beings. They're stronger, they heal faster, and all their senses are better than any other paranormal being, to help them keep the peace. But Peacekeeping is a dangerous job, so to help lessen the dangers, they work in pairs and mate in triads. Duncan and Brad have just found their mate, Karen. Now all they have to do is convince her to stay with them and keep her safe. Will Duncan and Brad be able to convince Karen to stay, or will having two men be too much, sending her running back to her homeland?

This is a re-release. I have added to it and re-edited it.
