

Military Strategy: Principles, Practices, and Historical Perspectives

By John M Collins, Robert C. Kingston

Military Strategy: Principles, Practices, and Historical Perspectives By John M Collins, Robert C. Kingston

John M. Collins has distilled the wisdom of history's great military minds to tutor readers on the necessary intellectual skills to win not only battles but also wars. He illuminates practices that worked well or poorly in the past, together with reasons why. He discusses national security interests, strategic building blocks, military strategies across the conflict spectrum, methods for developing talent and strategic acumen, and recent case studies that put principles into practice. Collins never tells readers what to think, but in *Military Strategy* he provides them with the intellectual tools to think for themselves. Written in a clear, straightforward style, this book will appeal to officers, policy-makers, students, and the public.

Editorial Review

Review

“Every American leader, whether in uniform or not, needs to study this work by Col. John Collins. He is truly one of the rare strategic thinkers of our day.”

“John Collins is a bona fide authority on national security policymaking. *Military Strategy* is insightful and readable. Military professionals and interested laymen will find it a most worthwhile read.”

“Collins has produced an extraordinary work. . . . There is a great deal in this book that a leader needs to know.”

“My strategic mentor when I was a student at the National War College hasn’t lost his touch. This unique treatise contains valuable insights for strategic planners and operators in every military service.”

“Collins’ first book, *Grand Strategy*, has been a handy reference in my personal library for many years. *Military Strategy*, its replacement, is a must for anyone who wants to understand warfare, especially ‘the first war of the twenty-first century.’”

“John Collins has written a brilliant book for use by those who develop strategy and those who want to understand how strategy should be developed. It should be the text on military strategy.”

“This comprehensive survey provides an unexcelled checklist for the development and critique of military strategies. It’s a good read that belongs in everybody’s military library.”

About the Author

John M. Collins is a retired U.S. Army colonel and a distinguished visiting research fellow at the National Defense University. Collins culminated his military career as the director of military strategy studies and then as chief of the Strategic Research Group at the National War College. He was subsequently the senior specialist in national defense at the Congressional Research Service for twenty-four years. Collins has written twelve books and numerous monographs, including *Strategy: Principles, Practices, and Historical Perspectives*. He lives in Alexandria, Virginia.

Users Review

From reader reviews:

Ira Knudsen:

A lot of people always spent their particular free time to vacation or perhaps go to the outside with them

family or their friend. Do you know? Many a lot of people spent many people free time just watching TV, as well as playing video games all day long. If you want to try to find a new activity that's look different you can read a book. It is really fun to suit your needs. If you enjoy the book you read you can spent the whole day to reading a e-book. The book *Military Strategy: Principles, Practices, and Historical Perspectives* it is very good to read. There are a lot of individuals who recommended this book. These were enjoying reading this book. If you did not have enough space to create this book you can buy typically the e-book. You can m0ore quickly to read this book out of your smart phone. The price is not to cover but this book has high quality.

Mary Hopkins:

Are you kind of hectic person, only have 10 as well as 15 minute in your time to upgrading your mind talent or thinking skill even analytical thinking? Then you are experiencing problem with the book than can satisfy your limited time to read it because pretty much everything time you only find publication that need more time to be examine. *Military Strategy: Principles, Practices, and Historical Perspectives* can be your answer since it can be read by you actually who have those short time problems.

Gabriel Harris:

Many people spending their period by playing outside together with friends, fun activity using family or just watching TV the entire day. You can have new activity to shell out your whole day by examining a book. Ugh, ya think reading a book really can hard because you have to accept the book everywhere? It ok you can have the e-book, having everywhere you want in your Smartphone. Like *Military Strategy: Principles, Practices, and Historical Perspectives* which is keeping the e-book version. So , try out this book? Let's observe.

Anthony Wilson:

Many people said that they feel bored stiff when they reading a e-book. They are directly felt the idea when they get a half portions of the book. You can choose the actual book *Military Strategy: Principles, Practices, and Historical Perspectives* to make your current reading is interesting. Your skill of reading proficiency is developing when you including reading. Try to choose basic book to make you enjoy you just read it and mingle the idea about book and studying especially. It is to be initially opinion for you to like to wide open a book and study it. Beside that the guide *Military Strategy: Principles, Practices, and Historical Perspectives* can to be your brand-new friend when you're sense alone and confuse in doing what must you're doing of their time.
