Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp) By ASTM International

STP 1414 emphasizes the external factors affecting the global growth of the agricultural industry, as well as new options available for formulating and delivering agricultural products to meet this global growth. It covers the latest developments and research in formulation ingredients methodology, application, and pesticide efficacy from a wide variety of sources, including industry and academia. 21 peer-reviewed papers in 6 sections cover: Efficacy--presents studies relating to efficacy enhancement of pesticide products. These papers cover the effects of adjuvants, surfactants, and inorganic cations on pesticide activity. Methods--examines techniques and methodology for determining the stability and efficacy of pesticide formulations as important tools not to be overlooked by the developers of agricultural products. It addresses various issues of methodology, including new techniques under consideration in Europe. Formulation Strategy--covers various statistical design techniques and other formulating options. Formulation Ingredients--discusses the development and application of inert ingredients for agricultural formulation, which can improve formulation stability, efficacy, and handling. Regulatory Issues--features the topic of environmental strategies for nonylphenol ethoxylates. Application and Spray Drift--concentrates on spray drift characteristics, testing, measurement, and distribution. These papers discuss useful measurement techniques and effect on pesticide efficacy. Audience: Agricultural Formulators • Regulators • Market Managers • Suppliers to Crop Protection Industry • Agricultural Applicators

Editorial Review

Users Review

From reader reviews:

Mindy Marcotte:

Reading a reserve can be one of a lot of task that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a publication will give you a lot of new facts. When you read a e-book you will get new information since book is one of various ways to share the information or their idea. Second, studying a book will make you actually more imaginative. When you looking at a book especially fictional book the author will bring you to definitely imagine the story how the character types do it anything. Third, it is possible to share your knowledge to other people. When you read this Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp), you are able to tells your family, friends as well as soon about yours publication. Your knowledge can inspire others, make them reading a reserve.

Wendy Miller:

The guide with title Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp) includes a lot of information that you can find out it. You can get a lot of gain after read this book. This kind of book exist new knowledge the information that exist in this reserve represented the condition of the world right now. That is important to yo7u to know how the improvement of the world. This specific book will bring you in new era of the glowbal growth. You can read the e-book on your own smart phone, so you can read that anywhere you want.

Jimmie Houck:

Your reading sixth sense will not betray an individual, why because this Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp) guide written by well-known writer who really knows well how to make book that can be understand by anyone who also read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your hunger then you still doubt Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp) as good book not merely by the cover but also through the content. This is one book that can break don't evaluate book by its protect, so do you still needing one more sixth sense to pick this kind of!? Oh come on your reading through sixth sense already said so why you have to listening to a different sixth sense.

Siobhan Wilcox:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Pesticide Formulations and Application Systems: A New Century for Agricultural Formulations (Astm Special Technical Publication// Stp) can make you really feel more interested to read.
