**The Land of Ionia: Society and Economy in the Archaic Period** By Alan M. Greaves

Incorporating over a century of archaeological research, Greaves offers a reassessment of Archaic Ionia that attempts to understand the region within its larger Mediterranean context and provides a thematic overview of its cities and people.

- Seeks to balance the Greek and Anatolian cultural influences at work in Ionia in this important period of its history (700BC to the Battle of Lade in 494BC)
- Organised thematically, covering landscape, economy, cities, colonisation, warfare, cult, and art
- Accesses German and Turkish scholarship, presenting a useful point of entry to the published literature for academics and students

**Editorial Review**

Review

"The study, and especially the maps, could prove a most useful preparation or ready reference when reading Herodotus." ("Book News Inc, " November 2010)

"Its accessibility and organization provides a much needed bridge between Classical and 'mainstream' archaeology, and brings both the ideas and this intriguing region to a wider readership." ("Minerva", November/December 2010)

"This was a missed opportunity, but not significant enough to diminish the book's success and usefulness." (Bryn Mawr Classical Review, 17 April 2011)

"The study, and especially the maps, could prove a most useful preparation or ready reference when reading Herodotus." ("Book News Inc, " November 2010)

"Its accessibility and organization provides a much needed bridge between Classical and 'mainstream' archaeology, and brings both the ideas and this intriguing region to a wider readership." ("Minerva", November/December 2010)

"The book is well structured and is divided thematically into 10 chapters . . . The book can be therefore recommended as a useful introduction to the study of Archaic Ionia for students and scholars alike." (Archaeological Review, 1 April 2011)

#### Review

"Greaves has succeeded admirably in producing an important new reading of the history, development and significance of Ionia. This is a book I will be recommending to my students for years to come."

*Lesley Beaumont, University of Sydney*

"An approachable and much-needed introduction to Archaic Ionia; Greaves successfully situates Ionia within its larger Mediterranean context. *Land of Ionia* is a model for regional studies in Classical Archaeology."

*Rebecca K. Schindler, DePauw University*

#### From the Back Cover

During the formative years of the archaic period, Ionia was one of the most important regions of the ancient world; however, Ionia's local identity has often been overlooked in scholarly works. This long overdue study of Archaic Ionia seeks to redress this omission. Drawing from over a century of archaeological research, the book identifies and examines the key socio-economic factors that distinguish the land of Ionia and its people from the broader Greek mainland.

Access to German and Turkish scholarship provides a useful point of entry to the published literature for academics and students. Accessibly written and thoroughly researched, *The Land of Ionia* offers new perspectives on issues of identity and historical tradition in one of the least understood regions of ancient world.

## **Users Review**

### **From reader reviews:**

#### **William Hughes:**

Have you spare time for the day? What do you do when you have considerably more or little spare time? Yeah, you can choose the suitable activity intended for spend your time.
