Atheism For Dummies By Dale McGowan

The easy way to understand atheism and secular philosophy

For people seeking a non-religious philosophy of life, as well as believers with atheist friends, *Atheism For Dummies* offers an intelligent exploration of the historical and moral case for atheism. Often wildly misunderstood, atheism is a secular approach to life based on the understanding that reality is an arrangement of physical matter, with no consideration of unverifiable spiritual forces.

Atheism For Dummies offers a brief history of atheist philosophy and its evolution, explores it as a historical and cultural movement, covers important historical writings on the subject, and discusses the nature of ethics and morality in the absence of religion.

- A simple, yet intelligent exploration of an often misunderstood philosophy
- Explores the differences between explicit and implicit atheism
- A comprehensive, readable, and thoroughly unbiased resource

As the number of atheists worldwide continues to grow, this book offers a broad understanding of the subject for those exploring atheism as an approach to living.
