Protest: A Cultural Introduction to Social Movements (Cultural Sociology)

By James M. Jasper

Every day around the world there are dozens of protests both large and small. Most groups engage the local police, some get media attention, and a few are successful. Who are these people? What do they want? What do they do to get it? What effects do they ultimately have on our world?

In this lively and compelling book, James Jasper, an international expert on the cultural and emotional dimensions of social movements, shows that we cannot answer these questions until we bring culture squarely into the frame. Drawing on a broad range of examples, from the Women's Movement to Occupy and the Arab Spring, Jasper makes clear that we need to appreciate fully the protestors' points of view - in other words their cultural meanings and feelings - as well as the meanings held by other strategic players, such as the police, media, politicians, and intellectuals. In fact, we can't understand our world at all without grasping the profound impact of protest.

Protest: A Cultural Introduction to Social Movements is an invaluable and insightful contribution to understanding social movements for beginners and experts alike.

Editorial Review

Review

James Jasper's *Protest* is a thorough, thoughtful, sophisticated, wide-ranging, and--if that weren't enough--wise handbook on, and for, the social movements on which the world so dearly counts.

Todd Gitlin, Columbia University

In interpretations of social movements, emotions have often been pitted against strategic thinking, feelings against cognition, agency against structures. In this volume, James Jasper brilliantly shows instead how all these various elements are combined in the emergence and evolution of protest.

Donatella della Porta, European University Institute

About the Author

James M. Jasper teaches sociology at the Graduate Center of the City University of New York.

Users Review

From reader reviews:

Matthew McDaniel:

As people who live in the modest era should be upgrade about what going on or information even knowledge to make all of them keep up with the era and that is always change and move ahead.
