## Something, Maybe By Elizabeth Scott

Everyone thinks their parents are embarrassing, but Hannah knows she's got them all beat. Her dad made a fortune showcasing photos of pretty girls and his party lifestyle all over the Internet, and her mom was once one of her dad's girlfriends and is now the star of her own website. After getting the wrong kind of attention for way too long, Hannah has mastered the art of staying under the radar . . . and that's just how she likes it. Of course, that doesn't help her get noticed by her crush. Hannah's sure that gorgeous, sensitive Josh is her soul mate. But trying to get him to notice her; wondering why she suddenly can't stop thinking about another guy, Finn; and dealing with her parents make Hannah feel like she's going crazy. Yet she's determined to make things work out the way she wants – only what she wants may not be what she needs. . . . Once again, Elizabeth Scott has created a world so painfully funny and a cast of characters so heartbreakingly real that you'll love being a part of it from unexpected start to triumphant finish.

## Editorial Review

From School Library Journal

Grade 9 Up—In this often astute, occasionally awkward take on family and unwanted fame, Hannah Jackson James tries not to live in her parents' dubious shadow. Her father is an aging reality TV star with a Hugh Hefner-esque castle full of girlfriends. Her mother, a minor actress and former girlfriend of Jackson's, now makes her money hosting a webcam show in skimpy underwear. When Hannah moved with her mom to a small town at age 12, she tried her hardest to blend in. Five years later, her concerns include staying unnoticed at school, making sure her mom can pay the bills, and deciding how to approach the object of her affection, a fellow student named Josh who works next to Hannah at the drive-through call center for a fast-food chain. Then her father calls for the first time in five years to invite her to visit him in New York. Hannah is torn between her desire for his love and her suspicion that the gesture is nothing more than a cynical ratings ploy. Scott's portrayal of Hannah's family situation is subtle and convincing. Readers will understand without being told that Hannah and her mother love one another, but that Hannah is as much a parent as a child. Her relationships with her peers are less believable. Her interest in Josh never quite seems genuine, and readers realize long before she does that Finn, a kind but irreverent goofball, is a better match. Though this story treads familiar ground, many teen girls will enjoy it.—*Megan Honig, New York Public Library*

From [Booklist](#)

Perhaps recovering from the harrowing *Living Dead Girl* (2008), Scott retreats to cozy romantic shenanigans with this predictable but good-natured entry in the which-boy-will-she-choose canon. Seventeen-year-old Hannah is known for exactly one thing: her mother, current erotic Web-chat hostess and former girlfriend of a Hugh Hefner-like celebrity named Jackson. Hannah is Jackson's estranged daughter, and her tentative forays into the elderly sex magnate's bizarre life form the most unique segments of the plot. For someone whose parents were so famously connected to sex, Hannah sure isn't getting any—instead she plugs away taking drive-through burger orders next to the dreamy Josh and the annoying Finn. It doesn't take a genius to know immediately that Finn is the one she'll end up with; in fact, Hannah's obliviousness to her own feelings is somewhat trying. Given the current popularity of the Hefner-centered reality-TV show, this light offering will undoubtedly find readers, and might even dampen the allure of living a Playboy lifestyle. Grades 8-11. --Daniel Kraus

Review

"The best love story I've read in ages." -- Sarah Dessen, bestselling author of *Lock and Key*

## Users Review

**From reader reviews:**

**Stevie Mozingo:**
