## The Lost Tarot of Nostradamus By John Matthews

**This pack contains 78 full-color tarot cards as well as an illustrated instructional booklet.**

In 1994 a researcher working in the Italian National Library in Rome discovered a manuscript containing 80 mysterious paintings, believed to have been devised by the mysterious prophet Michael de Nostredame, better known as Nostradamus. The manuscript, never published in his lifetime, was handed down to his son who later presented it to Pope Urban VIII. After that it remained forgotten and neglected.

A brief glance at these extraordinary images shows how heavily they draw on the symbolism of Tarot. It is the belief of Tarot experts, Matthews and Kingham, that Nostradamus was designing his own set of cards, drawing upon the visionary insights gleaned from his prophetic writings and visions. Now this Tarot has been brought to fruition by two modern experts and its secrets revealed for the first time.

Visionary artist Wil Kingham and *New York Times* best-selling author and longtime student of Tarot, John Matthews have devised a deck which incorporates Nostradamus' own images, fully updated to make what will surely be judged one of the most important decks of this age.

## Editorial Review

### Review

"The methodical, yet creative, manner in which this deck was constructed gives us a tarot deck which is visually exciting, symbolically dense, and rich in esoteric wisdom from a time in which such teachings thrived. If you love tarot, this is a must-have." —*TarotWise.com* blog

"The coolest thing about this deck is the story behind it! In 1994, an undiscovered volume of Nostradamus' work was found. In it was the drawings for a Tarot deck that Nostradamus had been creating. The authors took those images and created *The Lost Tarot of Nostradamus*." —*The Daily Tarot Girl* blog

"This is a great deck for collectors. There's nothing else out there that is quite like it. The research and dedication to the project creates a great deal of depth and meaning that warrants respect and appreciation. This may not be a go to deck for regular readings, but its mysterious energy and information packed guidebook are a treat for Tarot lovers and collectors. If you are looking for a Tarot that isn't afraid to break the mold, this might be just the deck you are looking for." —*Aeclectic Tarot* blog
