Edgar Cayce's rare mind tuned to the Universal Mind gives us extraordinary insights into the power of our own minds. In this fascinating book, Cayce illustrates how thoughts are things, that may become crimes or miracles in our lives. He explains how by changing our thinking patterns, we can change our life for the better. He also gives a unique view into our mind at sleep describing the influences motivating our dreams and visions, and showing us how to better interpret them. He clarifies why the dreaming mind is so much more important to us than we realize. He also addresses the need to move away from a too self-centered consciousness, opening up to a larger consciousness with powerful intuition and precognition.
