The Virgin and the Playboy~

Julie, accidental virgin, has waited longer than she ever planned to lose her virginity and join everyone else she knows in dating reality. Embarrassed at her plight, she has made arrangements with 1NightStand.com to meet with a handsome stranger for one night of no commitment required sexuality, without having to admit she'd never made love before.??

Mark is the one single guy left in his group of friends. As such, he is known for the bevy of lovelies he dates, and his stories of wild exploits between the sheets. His participation in 1NightStand.com is on a dare, and he has no idea that his date is...less experienced than he is used to. And so much more...??

When they enter the penthouse suite in Las Vegas, they enter a chamber designed for luxury and booked for a 1NightStand.

?

The Virgin and the Best Man~

Mark and Julia from The Virgin and the Playboy have set the date! They are to be married at The Castillo Las Vegas, where they met on their 1Night Stand. All their family and friends are invited and they have planned a special surprise for their maid of honor and best man.??

Karin, Julia's cousin, a small town librarian, chose family obligations over her dreams of the stars. She loves them all, but wonders when it will be her turn to live as she wishes...if it isn't too late.??

Ray, commercial pilot, is every bit as much a playboy as his brother Mark used to be. He isn't opposed to finding The One, but fears his brother has collected the only perfect jewel.??

What more appropriate gift for these two than a 1Night Stand with a date personally selected for them by Madame Evangeline.?

Virgin Under Ground~

Doctorate in hand, Jane Ann Summers is ready to return to the South Seas paradise of her youth, when the director of the institute—her mother—drops a bomb. She cannot return until she experiences more of life...a social life.??

Determined to waste no time, Jane searches for a shortcut and discovers the 1Night Stand dating service. A single night with geologist Dr. Lukas Gerard, and she can go home and get on with her fascinating study of world weather trends. The only question is whether to have sex with him...after all, it would be her first, and maybe only, time.??

Lukas's own field of study has shown him some alarming trends. He believes a killer earthquake may rattle the western half of the United States in the near future. In preparation, he converts an abandoned gold mine to a secret bunker, loaded with supplies and all the comforts of home. Only thing he needs now is company in his hideaway. Unsure how to find the right companion, he turns to 1Night Stand, but neither he nor Jane are prepared for the sudden impact of one of Madame Eve's connections.??

One night teaches them there is more to life than science...for both of them.
