Max Weber's Economy and Society: A Critical Companion From Stanford University Press

Max Weber's *Economy and Society* is widely considered the most important single work in sociology and among the most important in the history of the social sciences. This volume provides a critical and up-to-date introduction to Weber's magnum opus. While much has been published about the various parts of *Economy and Society*, this is the first book to cover all of its major sections and themes, as well as to discuss the methodological vision that unites them. In *Max Weber's Economy and Society*, a distinguished group of scholars illuminates the central arguments of *Economy and Society* and appraises their contemporary relevance for the analysis of the economy, the polity, law, religion, and social action. With essays that are both theoretical and empirical, this book will be of interest to those already familiar with Weber's work and to those encountering it for the first time.

Editorial Review

Review

"This book provides an indispensable introduction to Weber's *Economy and Society*, and should be mandatory reading for social scientists who are interested in Weber. The various contributions to this volume, all written by important Weberian scholars, present the culmination of decades of debates about Weber's various concepts and theories. They are sure guides in the maze of conflicting interpretations, and draw out the implications of Weber's sociology for understanding social change in the 21st century."?Gil Eyal,Columbia University

"Many will value this as the best collection of essays on Max Weber in the English language. It surpasses prior studies in using Weber and the world of his endeavors as entry points into the central issues of social sciencetoday."?Richard Biernacki,University of California, San Diego

"This book provides an indispensable introduction to Weber's *Economy and Society*, and should be mandatory reading for social scientists who are interested in Weber." (Gil Eyal)

"...an admirably helpful and user-friendly guide..." (*Canadian Journal of Sociology Online*)

"The *Critical Companion* is the best existing title in English to outline the many issues under discussion in the sprawling *Economy and Society*." (*H-Net Reviews*)

From the Inside Flap

Max Weber's *Economy and Society* is widely considered the most important single work in sociology and among the most important in the history of the social sciences. This volume provides a critical and up-to-date introduction to Weber's magnum opus. While much has been published about the various parts of *Economy and Society*, this is the first book to cover all of its major sections and themes, as well as to discuss the methodological vision that unites them.

In Max Weber's *Economy and Society*, a distinguished group of scholars illuminates the central arguments of *Economy and Society* and appraises their contemporary relevance for the analysis of the economy, the polity, law, religion, and social action. With essays that are both theoretical and empirical, this book will be of interest to those already familiar with Weber's work and to those encountering it for the first time.
