### Editorial Review

From the Back Cover

Your Authoritative Resource on Photoshop 7

Master the most sophisticated collection of graphic design and image manipulation tools ever assembled in one application. *Photoshop 7: The Complete Reference* features functional examples drawn from real-world situations, as well as beautiful artwork and inspiring ideas for graphic designers, photographers, and Web developers. You'll learn to use all the essential selection, drawing, painting, and retouching tools in addition to the latest special effects wizardry for conjuring virtually anything you can visualize. Restore and retouch existing images, create original artwork, and use Photoshop to design for the Web. Create animations, build your own automated tools, and discover online resources for Photoshop users of all levels and interests.

- Discover the tool of choice for graphics professionals--and all that's new in Photoshop 7
- Add content to images with painting and drawing tools
- Clean, edit, and improve the quality and content of images
- Generate original images from a blank background canvas
- Create freeform shapes with pencils, pens, and brushes
- Apply fonts, color, and effects to text
- Transform images with on-board and third-party filters
- Learn Web requirements--including appropriate file formats for fast-loading Web graphics
- Understand color models and palettes, and color management tools

### About the Author

Laurie Ann Ulrich (Philadelphia, PA) entered the computer training industry as a training manager, running corporate training centers for two of the East Coast's largest computer resellers. In 1992, she started her own company, Limehat & Company, Inc., a training and consulting business. Her firm offers training to users of all levels, helping them to use computers and the Internet for business and personal use. Since 1998, her firm has offered Web site design and hosting services to small businesses and non-profit organizations, and is devoted to supporting clients in their use of the web to market and grow their organizations. She is the author or co-author of several computer books.

### Users Review

#### From reader reviews:

#### Chris Manley:

Do you have favorite book? If you have, what is your favorite's book? Reserve is very important thing for us to be aware of everything in the world. Each publication has different aim or even goal; it means that e-book has different type. Some people feel enjoy to spend their time and energy to read a book. They can be reading whatever they consider because their hobby is usually reading a book. Consider the person who don't like studying a book? Sometime, individual feel need book whenever they found difficult problem or perhaps exercise. Well, probably you will want this Photoshop(R) 7: The Complete Reference.

**Deanna Marcantel:**

Playing with family in a very park, coming to see the ocean world or hanging out with pals is thing that usually you will have done when you have spare time, then why you don't try thing that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Photoshop(R) 7: The Complete Reference, you may enjoy both. It is fine combination right, you still want to miss it? What kind of hang type is it? Oh come on its mind hangout fellas. What? Still don't get it, oh come on its named reading friends.

**John Flores:**

Many people spending their time by playing outside along with friends, fun activity using family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading a book. Ugh, do you consider reading a book can definitely hard because you have to bring the book everywhere?
