This vintage text contains a comprehensive guide to the 'Palmer' method of business writing, being a series of self-teaching lessons in rapid, plain, unshaded, coarse-pen writing. 'The Palmer Method' was developed by Austin Palmer in the late nineteenth and early twentieth centuries. It was primarily designed to be a simplified version of the 'Spencerian Method', the major standardized system of handwriting since the mid-nineteenth century, and quickly became the most popular handwriting system in America. This text will appeal to those with a keen interest in the history and development of penmanship, and it is a book not to be missed by the discerning collector. Many antiquarian books such as this are increasingly rare and expensive, and it is with this in mind that we are republishing this vintage book now in an affordable, modern edition complete with a new prefatory biography of the author.
