Work in a Modern Society: The German Historical Experience in Comparative Perspective (New German Historical Perspectives) From Berghahn Books

Whereas the history of workers and labor movements has been widely researched, the history of work has been rather neglected by comparison. This volume offers original contributions that deal with cultural, social and theoretical aspects of the history of work in modern Europe, including the relations between gender and work, working and soldiering, work and trust, constructions and practices. The volume focuses on Germany but also places the case studies in a broader European context. It thus offers an insight into social and cultural history as practiced by German-speaking scholars today but also introduces the reader to ongoing research in this field.

Editorial Review

Review

"The volume offers a successful overview of the current German research on the history of work, its directions and problem, but also its potential for further fruitful exploration. It becomes clear that historians interested in the historical dimension of work will have plenty to do still." • **H-Soz-u-Kult**

"[The essays] confirm how conceptually rich the intersection of 'culture' and 'work' can be and, as such, are essential for further study and research on these important subjects." • **German Studies Review**

"This insightful book should reach an interdisciplinary audience of scholars, students, and laypersons. Its theses compellingly argue against theoretical demarcations and for more boundary crossings among disciplines and definitions." • **German Quarterly**

"...an interesting and informative collection that brings together original contributions from some leading European scholars whose work may not be familiar to a British and American audience. As such it is a valuable addition to the literature in English on labour history and likely to provide a jumping off point for those seeking to expand their knowledge of this area." • **European Review of History-*Revue européenne d'histoire***

"Kocka, arguably the doyen of social history in Germany, introduces this volume with a succinct overview of the changing meanings of work from European antiquity to the present... For some decades labour studies were dominated by social histories that replaced the earlier histories of workers' parties and unions. In Germany, Kocka was one of the key figures who tried to make actual working lives visible behind labour leaders' speeches, rivalries, and organizational structures" • **Labour/Le Travail**

About the Author

Jürgen Kocka taught Social History at the University of Bielefeld for many years, after which he was appointed Professor of History of the Industrial World at the Free University of Berlin and Research Professor at Berlin Social Science Research Centre (WZB). He has published widely in the field of Modern History, particularly Social and Economic History of Europe, 18th-20th centuries. His publications in the English language include *Facing Total War. German Society 1914-1918* (Berg, 1984), *Industrial Culture and Bourgeois Society. Business, Labor, and Bureaucracy in Modern Germany* (Berghahn, 1999), *Civil Society and Dictatorship in Modern German History* (University Press of New England, 2010) and *Comparative and Transnational History. Central European Approaches and New Perspectives* (Berghahn 2009, edited together with Heinz-Gerhard Haupt).

Users Review

From reader reviews:

Preston Sloan:

Do you considered one of people who can't read pleasurable if the sentence chained from the straightway, hold on guys this specific aren't like that. The information and the knowledge you might got here is fresh from your oven so don't possibly be worry if you feel like an previous people live in narrow village. It is good thing to have Work in a Modern Society: The German Historical Experience in Comparative Perspective (New German Historical Perspectives) because this book offers to you personally readable information. Do you occasionally have book but you rarely get what it's all about. Oh come on, that will not happen if you have this in your hand. The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. So do you still want to miss the item? Find this book along with read it from at this point!

Lily McDermott:

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's heart or real their interest. They just do what the educator want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Work in a Modern Society: The German Historical Experience in Comparative Perspective (New German Historical Perspectives) can make you experience more interested to read.
